

STUDENT DESIGN TEAM SPONSORSHIPS

SOLIDWORKS Education

Companies want to hire designers who can think creatively, collaborate easily, respond to changes quickly, and solve problems fast.

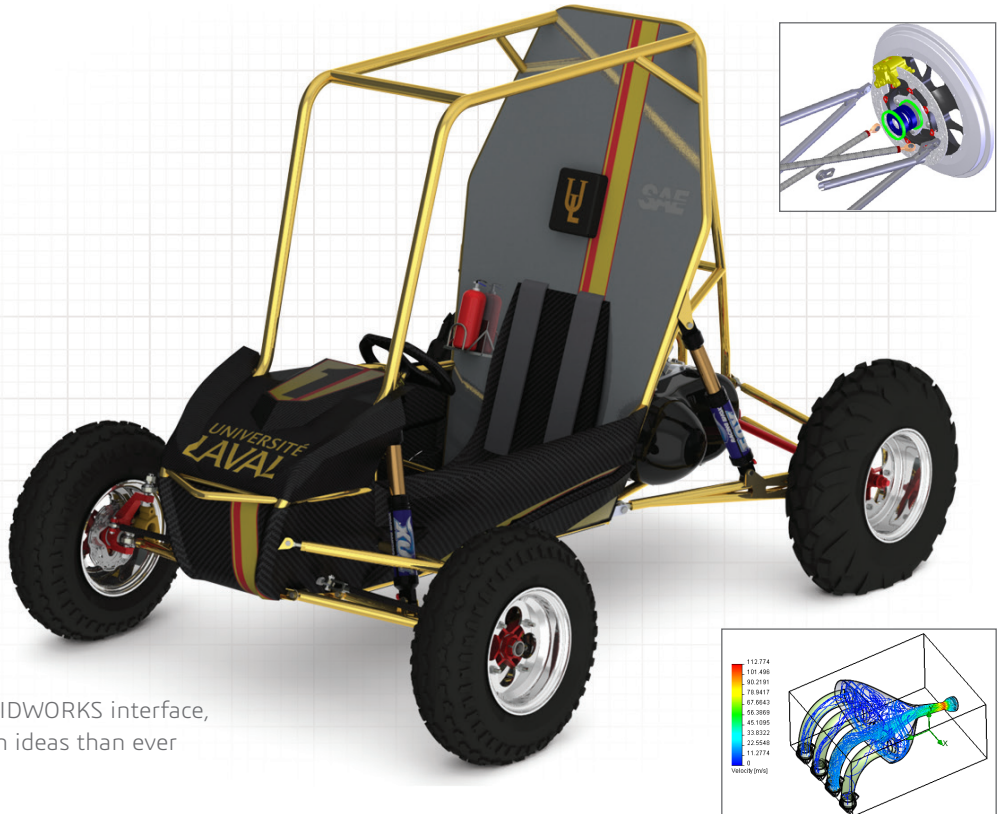

By competing in design contests, students not only sharpen these skills, but also prepare for a competitive workplace.

DS SolidWorks Corp. can help student teams with sponsorships and an array of resources, including curriculum, parts designs, design tools, and more.

You can join more than 400 university teams worldwide who use SOLIDWORKS® software to design and analyze their designs for student competitions. All analysis and data management functionality is fully integrated into the SOLIDWORKS interface, making it faster and easier to try new design ideas than ever before!

Sponsorship at a glance:

- **Personal license of SOLIDWORKS Student Edition** for each of your team members, with each license including SOLIDWORKS Premium, Flow Simulation, Simulation Premium, Sustainability, Plastics, Electrical and Composer.
- **3D CAD** with advanced surfacing
- **Motion Analysis** for kinematic/dynamic simulation including event-based studies
- **FEA** (Finite Element Analysis) for structural, thermal, impact, and optimization studies
- **CFD** (Computational Fluid Dynamics) for fluid and thermal studies
- **Environmental Impact Analysis** of carbon footprint, energy use, and more
- **Workgroup PDM** data management software to track revisions, ownership, and more for SOLIDWORKS models and related design documents
- **Certified SOLIDWORKS Associate Exam**—each member of your team may take the CSWA exam free of charge
- **Learning Resources:**
 - Over 100 tutorials built right into SOLIDWORKS software
 - 25 YouTube™ videos in the SOLIDWORKS tutorial playlist www.youtube.com/solidworks
 - Parts Library at www.3dContentCentral.com
 - Build their project design portfolios to stand out in the classroom and in the job market
