

# HELPING ENGINEERS INNOVATE FOR THE FUTURE

Take Your Engineering Design Expertise Further with SolidProfessor

Improve efficiency, reduce design cycle time, and get certified with **5000+ expert-led video tutorials** on SolidProfessor's online platform. Learn a new skill in minutes with easy, interactive video lessons for all skill levels, specialties, interests, and industries.

## SOLIDPROFESSOR COURSE TOPICS

- SOLIDWORKS
- AutoCAD
- Inventor
- Mastercam
- CAMWorks
- Onshape
- Fusion 360
- CATIA
- MATLAB
- ANSYS
- Revit
- DraftSight
- SketchUp
- Solid Edge
- Rhino
- GD&T
- DFM
- FEA
- 3D Printing
- Engineering Graphics & Spatial Visualization
- And more!

### ON-DEMAND LEARNING

SolidProfessor's online platform lets you get answers and learn new skills in minutes. Become confident designing faster with improved accuracy and minimal disruption.

- Become a CSWA/CSWP/CSWE
- Learn GD&T Techniques
- Conduct Expert Simulations

### LEARNING PATHS

Don't know where to start? Try expertly curated Learning Paths and get on the fast-track to engineering design proficiency. Check out our most popular Learning Paths:

- Become a CSWA/CSWP/CSWE
- Learn GD&T Techniques
- Conduct Expert Simulations

### CERTIFICATIONS

SolidProfessor will prepare you to gain SOLIDWORKS and Autodesk Certifications. Plus, receive *free* CSWA or CSWP vouchers after completing the Learning Paths.

- Dedicated courses
- Sample exercises and tests
- Practical test-taking tips

# ONLINE LEARNING FOR ENGINEERS, **BY ENGINEERS**

SolidProfessor was founded by a group of engineers who saw the need for easy-to-use CAD/CAM tutorials. With nearly two decades under our belts, SolidProfessor has helped **200,000+ engineers and design teams** achieve their goals with online learning.

"Burning through your site gave me a HUGE leg up at my job. **I just got a 15% raise after six months and I credit it in part to SolidProfessor.** Thank you! If I ever manage a team, I will definitely make them do your coursework." - Amber J., Design Engineer

"**SolidProfessor has significantly improved our team's efficiency** within SOLIDWORKS... Even users that had been working in SOLIDWORKS for years are picking up these time-savers and gaining efficiency." - Jonas Blankenship, CAD Admin at Zodiac Pools

## SIGN UP AND START LEARNING TODAY

### INDIVIDUAL MEMBERSHIP

Monthly/Annual  
**\$49/\$490**

- ✓ 5,000+ video tutorials on demand
- ✓ Course completion certificates
- ✓ CAD software certification prep
- ✓ Free certification exam vouchers
- ✓ Hands-on training

With flexible and affordable **monthly and annual memberships**, you can choose the plan that's right for you.

**Visit our website to join!**

### TEAM MEMBERSHIP

Contact Us For Pricing

- ✓ **ALL INDIVIDUAL MEMBERSHIP FEATURES**
- ✓ Dedicated onboarding support
- ✓ Customized training & continuous learning programs
- ✓ Admin dashboard for course assignments & progress tracking
- ✓ Knowledge capture opportunities

You could **save 75% on engineering training** for the whole team compared to traditional classroom methods.
